Erik Emborg at the White House Washington D. C.

On May 2nd, in his capacity as President of The Rebild National Park Society, Erik Emborg and a party of members were received at The White House by President Richard Nixon. This year is the 60th anniversary of the Society, the object of which is to promote friendship between Denmark and America, and a special medallion has been produced to commemorate the occasion. A gold edi-

tion of this was presented to the President, who, in fact, was the principal speaker at Rebild in 1962.

On July 4th at Rebild, 27 kilometres south of Aalborg, Erik Emborg will present a similar medallion to Her Majesty, Queen Margrethe II who will be present at the gathering at which Danny Kaye will be the principal American Speaker.
